User Research, Storyboarding, Rapid Prototyping, Project Management, Graphic Design, Marketing, Collaboration, Communication

PROJECTS

BASH
Front End Developer & Tester | Jan 2020 - March 2020

- Developed a mobile web app in a team of 3 for video game players to find compatible friends
- Researched user needs, created storyboards, designed prototypes, and ran A\B testing for the app
- Used HTML, CSS and Javascript to simulate interfaces for login, finding friends, and messaging

YOU SEE EVENTS
User Interface Specialist | Apr 2019 - June 2019

- Developed an Android app in a team of 10 to help students find, publicize, and share events on campus
- Focused on solving the lack of usability of UCSD's current event website
- Designed and coded user interfaces using Adobe Xd and Android Studio

EXPERIENCE

WEBSITE COORDINATOR
Warren College Student Council | Feb 2020 - Present

- Currently working to redesign and update the website of Warren College Student Council

RESIDENT ASSISTANT
Warren Residential Life | Aug 2019 - March 2020

- Acted as an academic and personal resource and mentor for 50 first year students living on campus
- Created and delivered newsletters and print marketing for events on a biweekly basis
- Coordinated publicity for Warren College's Lunar New Year celebration which drew 500+ attendees

PROGRAMMING ASSISTANT
Kaibigang Pilipin@ STAR | May 2019 - June 2020

- Helped to promote academic retention among the Pilipin@ student body at UCSD
- Planned a mixer between students and APIMEDA staff and faculty to promote networking and bridge gap of student-staff relations
